

DENTAL COVERAGE

HOW DENTAL COVERAGE WORKS

The Trust provides dental coverage to you and your eligible Dependents. Delta Dental of Michigan, whose contact information is listed in your Schedule of Benefits, administers this coverage. The specific provisions of the dental coverage, the range of covered services, eligibility rules and so forth may change from time to time. If you have questions as to whether or not a particular dental service or expense is covered, you should contact Delta Dental or have your Dentist submit a treatment plan for expenses \$200 or more before receiving treatment, to insure that you will not incur unexpected expenses for dental treatment.

Under the Delta Dental PPO Point-of-Service Plan (PPO POS), dental services for you and your eligible dependents are paid at the benefit level outlined under the Dental Benefits At-A-Glance. You do not have to satisfy a dental Deductible before the Plan covers the services. Dental benefits are paid up to a maximum of \$1,700 per person per calendar year.

Orthodontia services are covered for all Plan participants who are under age 19. Most orthodontic services are covered at 50%, subject to a lifetime maximum of \$2,000.

Payments for covered dental services related to the repair of accidental injury to sound natural teeth due to a sudden unexpected impact from outside the mouth are not counted against the annual benefit limit or the lifetime orthodontic limit. Instead, the regular Co-payments under medical coverage provided by the Plan will be required for all such services. Similarly, dental services provided in a hospital are not covered as dental benefits, but may be covered as medical expenses if they qualify for such coverage.

The Nonparticipating Dentist Fee may be less than what your dentist charges and you are responsible for that difference.

DENTAL COVERED CHARGES

Your Delta Dental Plan benefits cover a Dentist's charges that you are required to pay for necessary dental services and supplies, up to the Allowed Amount for such services.

If you have a dental problem that can be treated in more than one way, the procedure that provides a cost-effective, professionally satisfactory result is covered.

Pre-Treatment Estimate of Dental Benefits

If treatment of planned dental work is expected to cost \$200 or more, your Dentist should file a pre-treatment estimate of benefits or "treatment plan" with Delta Dental **before treatment begins**. Delta Dental then can authorize payments before your Dentist begins work, and you will know in advance exactly how much your dental coverage will pay. Your Dentist may obtain a form from Delta Dental's website at www.deltadentalmi.com.

Delta Dental will determine what portion of the total expenses will be paid by your dental coverage, taking into account alternate procedures, services or courses of treatment, based on accepted standards of dental practice. Delta Dental will then notify you and your Dentist of the determination.

THE DELTA DENTAL PLAN

Your Schedule of Benefits offers access to two of the nation's largest networks of participating dentists: Delta Dental PPO and Delta Dental Premier. When you receive services from a Delta Dental PPO network Dentist, your out-of-pocket expenses will be lower than if you received services from a Delta Dental Premier or non-participating Dentist.

Under Delta Dental's PPO POS plan you are free to visit any licensed dentist anywhere, but you will save the most money by visiting one of over 107,000 dentists throughout the United States who participate in Delta Dental PPO. If you go to a non-PPO dentist, you also have access to more than 158,000 dentists nationwide who participate in Delta Dental Premier.

When dentists sign contracts to participate with Delta Dental, they agree to accept Delta Dental's fee determination as payment in full for covered services. This guaranteed acceptance reduces your copayments and deductibles and eliminates balance billing.

In addition, all dentists who participate with Delta Dental PPO and Delta Dental Premier agree to submit claims on behalf of their patients, making the network easy-to-use and hassle-free.

Contact Delta Dental of Michigan at (800) 524-0149 or go to Delta Dental's website at www.deltadentalmi.com to find network Dentists, or for additional information about nominating new network Dentists.
